

## SpotOn 360 POS

### A 360 Degree View of Your Business

Our fully integrated POS system is powerful, elegant and intuitive, allowing you to manage every aspect of your business at the point of sale.

### More Than Just a Cash Register

With top-of-the-line hardware and simple-to-use software, SpotOn 360 is everything you need, right at your fingertips. Its intuitive interface allows you to:

- ✔ Process transactions quickly and easily to speed up your checkout
- ✔ Oversee multiple locations and organize the product catalog
- ✔ Accept all forms of payment, including contactless and EMV

### Fully Integrated to Grow Your Business

You'll get full access to SpotOn's groundbreaking customer engagement tools with a proven track record of boosting customer loyalty and growing revenue, all for one low, transparent monthly fee.

SpotOn marries each transaction to customer data, connecting the dots between customers, their transactions and marketing. You get a virtual command center with flexible features, including:

- ☰ **Payments** – More than just a payment processor, we create a streamlined experience, closing the loop from marketing to purchase.
- 📈 **Analytics** – Work smarter with a one-stop shop to easily review sales data and determine your return on investment for every marketing campaign.
- 📢 **Marketing** – SpotOn's marketing tools are fully integrated with your customer data, so it's easy to reach your customers with targeted messaging and deals that resonate with the right message, at the right time.
- 💬 **Reviews** – Access your online reviews in one place, get alerts when new ones are posted and boost your overall metaspore with our algorithm that knows when to ask your best customers to post a review.
- ★ **Loyalty** – Get access to a turnkey program that will attract new customers, encourage them to come in more often and spend more each time they visit.
